

Rip if apart: don't use a spoon, Wolf if down by the light of the moon. Look at the moon at night (if it's too cloudy, just wait until the next night, you don't have to do it every night either) and colour in each circle so it matches what the moon looks like. Make sure to write down the date after each successful observation.

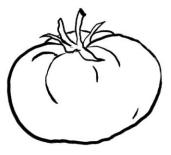

TRY TO LOOK AT THE MOON AROUND THE SAME TIME EACH NIGHT AND ENJOY EATING SOME WATERMELON WHILE MOON GAZING. YOU MIGHT JUST FIND YOUR INNER WOLF...
